

CORPORATE GOAL

Walker-Hill Environmental, Inc. (WHE) is committed to providing the highest quality environmental field services that can be achieved.

WHE believes that this goal is accomplished through: (1) training and retaining its employees, (2) properly maintained and equipped field equipment, (3) an excellent health and safety program and record, (4) a mandatory drug and alcohol program, and (5) a constant eye to the leading edge of this industry.

WHE believes that any project initiated by the company is not complete until the client is satisfied with the end result. WHE is fully aware that the success of a quality field program leads to the further success of WHE's clients and future success of WHE.
